Dear Barbara and fellow Senior Tigers

Support of Hull Hospitals frontline staff

I would like to sincerely thank you and your fellow Senior Tigers for your kind donation of £1,000 supporting our WISHH Covid-19 appeal, enabling us to make a real difference to our hospital frontline staff at both Hull Royal Infirmary and Castle Hill Hospital.

I can confirm your donation made by bacs has been safely received, and will help us provide staff with additional items whilst they are caring for patients during the Covid-19 outbreak.

We've highlighted your kind support on our Twitter page Instagram and Facebook pages.

We look forward to teaming up with you all again in the future as discussed, with a view to building upon our dementia friendly work on wards 8 and 80 at Hull Royal Infirmary, focussing on our male patients with Hull City memorabilia and achieve footage.

Your donation will make a true difference and is greatly appreciated by staff and our hospitals. Thank you.

Yours sincerely

Lisa Whitton
WISHH Charity Manager

WISHH Charity is an independent charity. We are passionate about enhancing and improving our provision of facilities at Hull Royal Infirmary and Castle Hill Hospitals for patients and their families through a diverse range of projects and fundraising appeals.
