05 April 2020

Dear Barbara,

We have not met, and unfortunately current circumstances mean that I cannot see you face to face to thank you and the Senior Tigers for your wonderful support to the WISHH Charity Covid-19 Appeal. However, I wanted to make contact personally to say how very much I appreciate your generosity. These are unprecedented times and we all now rely on those whose daily task it is to face the worst of what this virus can deliver in our hospitals and in the care community. Your kindness will help us to support our local NHS staff to show we care for them and appreciate all they are doing on our behalf.

The High Sheriff is Her Majesty's representative for law and order in the County and in my year in office which draws to an end this week, I have focused in particular on the vulnerable elderly. Lisa Whitton says you have a particular interest in Dementia care. When the crisis is over if you would like to meet, I would be very happy to see you, and to show you what we have achieved so far in HRI.

As High Sheriff and as Chair of the WISHH Charity Trustees I send you and the Senior Tigers my very best wishes and heartfelt gratitude for your generous support to our COVID-19 Appeal.

Stay safe.

Kind regards

Mrs Susan Stephenson
High Sheriff
East Riding of Yorkshire
